

On your marks

Christmas was God's big surprise. Even though there had been tantalising clues all throughout the Old Testament, no one really expected the miracle of 'God-with-us' in the form of a helpless baby. The Christmas story is about God's surprising gift to us: a gift that not only transforms the way we think about ourselves and our future, but also one that gives us a surprising insight into the very nature of the love of God for us.
