## Deep Calls to Deep Spiritual formation in the hard places of life

Tony Horsfall

Pb, ISBN 978 1 80039 066 9, £8.99

This is a new and timely edition of Tony Horsfall's 2015 book *Deep Calls to Deep*. Through looking at some of the psalms written 'from the depths', he helps the reader understand more fully the way in which God is at work to shape our characters and form the life of Christ within us during difficult times. *Deep Calls to Deep* speaks to those who are 'passing through the valley', but also to those simply seeking a deeper walk with God, and to those offering spiritual support and mentoring to others.

### From Tony Horsfall's Foreword to the new edition

'In 2015 I wrote that while the book would have immediate relevance for some, for others it would provide wisdom for future reference: "For no one knows what the future may bring..." Little did I know then how relevant the message of this book would be in 2021, as the world continues to respond to the waves and breakers of a global pandemic. That is why this new edition of *Deep Calls to Deep* is so timely.

'Back then I invited friends to share their stories of crying out to God from the depths... anchoring its teaching in the lived experience of ordinary people. Now I find I have my own story to tell, for since the pandemic began in 2020, I too have plumbed the depths of those deep places, needing to apply to myself the truths shared in this book. These have been difficult days, some of the hardest of my life, and yet... in my deep place, I have heard the loving voice of God calling me into a deeper relationship with himself. It is my prayer that as you read this new edition of *Deep Calls to Deep*, you will be able to offer to God your pain and confusion, and allow him to form and shape you into the likeness of Jesus.'
