

# BRF Safeguarding Statement

BRF's Safeguarding Statement should be read in conjunction with BRF's Safeguarding Policy and Procedures and the Designated Safeguarding Officer and Designated Safeguarding Trustee role descriptions.

Bible Reading Fellowship (BRF) is committed to the care, nurture and protection of all the communities it serves. BRF believes that the welfare of children, young people and vulnerable adults is of paramount importance and that, at all times and in all situations, any child, young person or vulnerable adult with whom we are working has the right to feel safe and protected from any situation or practice that could result in them being harmed or at risk of harm.

BRF is committed to the nurture, protection and safekeeping of all the children, young people and vulnerable adults with whom its staff come into contact. It accepts its responsibility to protect children, young people and vulnerable adults from physical, sexual and emotional abuse, and to report any abuse that is suspected or discovered. It undertakes to provide appropriate supervision to ensure the above and recognises mutual accountability.

BRF strives to:

- promote a safer environment and culture for our staff and all they serve;
- safely recruit and support all those with any responsibility for those who are vulnerable;
- respond promptly to every safeguarding concern or allegation;
- care pastorally for those who are the subject of concerns or allegations;
- respond appropriately to those that may pose a risk to others.

We are aware that different denominations and churches have their own safeguarding policies and procedures. At a local level these are the ones that should be used.

We are aware of the balance between the need to obtain DBS clearance for those in roles that require it and the protection of an individual's privacy. A DBS certificate will only be required where the need for this is clearly demonstrated in the job or role description.

## Context

A child or young person is defined in law as those under 18 years old. A vulnerable adult is ‘any adult aged 18 or over who, due to disability, mental function, age, or illness or traumatic circumstances, may not be able to take care or protect themselves against the risk of significant harm, abuse, bullying, harassment, mistreatment or exploitation’ (CCPAS, July 2017).

BRF provides resources, training and support for many groups working with children, young people and vulnerable adults, but in most cases BRF is not the responsible body for an event or activity.

When local churches run a Messy Church session, BRF expects them to be the responsible body and to implement the safeguarding policy and procedures from that organisation or denomination. BRF staff may visit a local group to observe and support the work; in this case they will follow the safeguarding policy and procedures of that local group.

The chart below shows the activities that BRF staff may be involved in, who is the responsible body, which safeguarding policy and procedures will be used and what safeguarding measures are in place by BRF where required.

## Photography

We will not use photographs or film of children, young people or vulnerable adults without consent. In the case of photography or filming at events, the consent of participants will be sought. If consent is not given, BRF will make every effort to ensure that the individual(s) concerned is not photographed or filmed and will not use any photograph or footage that inadvertently includes that individual(s).

## Fundraising

BRF seeks to act responsibly in our communications with supporters and donors. In our approach to potential donors we will never subject anyone to pressure or a 'hard sell' but always treat individuals with dignity, integrity and respect. We are aware that some of our donors may be older, potentially vulnerable adults. BRF has guidance for staff on identifying vulnerable older donors and how to work with them in a way that maintains their dignity.
