

BRF Ministries: Church Partnerships Scheme

Pioneer Programme Overview

BRF Ministries is excited to be developing a Church Partnerships Scheme, set to launch in spring 2027. This scheme will give churches the opportunity to receive resources, support, and specialised training to enable deeper discipleship across every generation in their context.

As part of our development process, we are seeking a select number of churches to act as pioneers, helping us develop, shape, and promote our new initiative. The Pioneer Programme will run as a standalone project from **September 2026 to February 2027**, in which our 'Pioneer Partners' will be able to work closely with us to build our scheme and receive priority access to the benefits it will provide.

To ensure that the Church Partnerships Scheme adequately caters to the needs of churches across various contexts, we expect that each 'Pioneer Partner' will meet with the Church Partnership Manager online (or in person where appropriate and possible) to provide any initial feedback or express their desires for the scheme. This will be a crucial element of the Pioneer Programme, so that our development is heading in a direction that makes sense for the breadth of the UK church.
